THE CIVIL SERVICE DEBATE.

FIELD DAY IN THE HOUSE FOR OPPOSITION.

FRIENDS OF THE LAW FEW

Nine Congressmen Spoke Against It and in Favor of the Spoils System—Cooney and Coward of Missouri Among the Speakers—Speaker Reed Favors Ending the Debate.

WASHINGTON, Jan. 11.—The opponents of the civil service law had much the best of the debate in the house yesterday, so far as the number of those engaging in it was concerned. Nine of the eleven speakers were of the opposition. The friends of the law are very anxious to shut off further debate, and in this will have the co-operation of Speaker Reed and the rules committee. Mr. Moody, who has charge of the bill, gave notice that he would test the sense of the house to-day on a motion to close debate. The opposition immediately sent word to all in their ranks to be on hand, and they say they will have no difficulty in defeating the motion. Those who participated in the debate were:

In opposition to the law—Messrs. Cooney, Democrat, Missouri; Door, Republican, West Virginia; Cox, Democrat, Tennessee; Little, Democrat, Arkansas; Brumm, Republican, Pennsylvania; Coward, Democrat, Missouri; Snellgrove, Republican, New Hampshire; Low, Republican, New York; and in defense of the law, Messrs. McCall, Republican, Massachusetts; and Parker, Republican, New Jersey.

HAWAIIAN TREATY UP.

The Senate Goes Into Executive Session to Consider the Annexation Matter.

WASHINGTON, Jan. 11.—After the transaction of some routine business the senate, on motion of Mr. Davis, chairman of the foreign affairs committee, went into executive session to consider the Hawaiian treaty. A number of nominations were first confirmed and then debate on the treaty began.

Mr. Pettigrew first offered his motion to conduct the debate with open doors. This was antagonized by Mr. Davis, chairman of the committee on foreign relations, and others, and the principle of the debate for the first two hours was upon this motion. It was contended on the one hand that there was no reason for observing secrecy in presenting the question because there was no point involved which could not have been thoroughly canvassed before and which might not be discussed before the world at large. On the other hand, it was held that the Chinese question, which would necessarily enter into the discussion, might prove to be somewhat delicate, and that the debating of the treaty in open Senate would have the effect of prolonging the final determination indefinitely. A majority of those favoring open doors are opposed to ratification, but not all of them are on that side of the main controversy.

Chicago Dogs to Klondike.

CHICAGO, Jan. 11.—Five thousand dogs have been shipped from Chicago to the Klondike within the last few months. A few of these dogs have been stolen, but for most part the animals have been captured by organized gangs on the streets. Dogs under two years old, weighing from thirty to forty pounds, and in perfect condition, are worth from \$50 to \$100 in the Klondike regions, and from \$2 to \$3 in paid for each dog delivered at the freight office of a certain railroad. For five months the traffic in dogs has been going on, and the streets of Chicago are almost completely rid of cur.

Chicago Investigation On.

CHICAGO, Jan. 11.—The "Lexow" investigating committee appointed by the state senate to investigate the workings of the Chicago police department met at the Great Northern hotel to-day. As an outcome of charges which have been made, Adolph Kraus, president of the civil service commission, who is a prominent Democrat, entered suit to-day against Attorney E. R. Bliss, a leading Republican, for \$50,000 damages.

Engineers Are Weakening.

LONDON, Jan. 11.—There are signs that the end of the great strike in the engineering trades in Great Britain is approaching. Large numbers of Glasgow engineers applied to-day for reinstatement, while a meeting of the engineers of Fairfield decided to continue work, in spite of their previous threats to leave work when the first 25 per cent of their number were locked out.

Mr. Crowther Quits Journalism.

St. Joseph, Mo., Jan. 11.—Former Congressman George C. Crowther to-day sold his half interest in the Daily Times to his partners, Joseph Albus and O. M. Gilmer. Mr. Crowther will retire permanently from journalism. The Times will continue Republican.

Big Street Railway Deal.

DALLAS, Texas, Jan. 11.—A big street railway deal was consummated here yesterday morning, putting final settlement to \$2,000,000 in transactions pending and maturing by stages for sixty days.

F. FUNSTON IN NEW YORK.

Young Kansas Cuban Officer Wounded—Captured but Released.

NEW YORK, Jan. 11.—Among the passengers who arrived yesterday on board the steamer City of Washington from Havana was Frederick Funston, formerly of Kansas, a young Cuban insurgent general, who comes to this country for medical treatment. He is also well known as an Alaskan explorer.

Funston has been upon the staff of General Garcia as chief of artillery for more than twelve months. He was captured about four weeks ago at Puerto Principe. He gave a fictitious name and was released shortly afterwards. Funston is suffering from the effects of a bullet wound in the thigh. Mr. Funston said: "We were surprised by a party of six Spanish soldiers. Lieutenant Fennell escaped and I was captured. I was bound and taken to Puerto Principe, where General Castellano conducted a special board of inquiry to investigate my case. As I was not in uniform, had no papers with me, and had given a false name, stating that I was a presario, coming to surrender, I was released upon my oath that I would never fight against Spain. By swearing this I saved my life, after having fought twenty-two battles for Cuba, being crippled for life and all bungled up."

"I am not going back to Cuba. I shall remain in the hospital here for a time, and then go to my home in Kansas. The outcome of the struggle in Cuba depends altogether on the United States. The Cubans will never give up, nor will the Spaniards."

Colonel Funston said that the insurgent soldiers and officers are not paid, and cannot be paid in full unless they win, in which case Colonel Funston will receive about \$4,000. He said the food and clothing of the insurgents is poor and their living precarious, but that their courage and hope are unbounded. He said that the Spanish soldiers also were not paid, but were fairly well fed. Colonel Funston said that while a prisoner at Puerto Principe he was well treated by the Spanish soldiers, and found no evidence of discontent in their ranks. He declared that the atrocities upon women and children reported from time to time were invariably perpetrated by the guerrillas, and not by the regular troops. On the guerrillas, he admitted, the insurgents often took their revenge.

STRICKEN IN THE PULPIT.

Rev. Thomas E. Moore of Harper, Kan., Falls Dead During His Sermon.

HARPER, Kan., Jan. 11.—The Rev. Thomas E. Moore fell dead from an apoplectic stroke in the midst of his sermon at the Baptist church Sunday night.

Mr. Moore was one of the five young men who, in 1865, originated the Salvation army in London, and was one of the first to start the crusade in this country. For many years he was closely associated with William Booth, and during his evangelical work he returned to England six times. He was educated in Spurgeon's Pastors' college in London. Until within five years his home had been in Brooklyn, and his labors had been mostly in the Eastern and Southern states and Canada.

Mr. Moore was called as pastor of the Baptist church here while conducting revival meetings in this vicinity a year ago. He had been active in the temperance campaign which resulted in closing the saloons and joints, and at the time of his death he was engaged in a successful union revival. He was 55 years old. He leaves a wife and four children.

Stockholder's Liability.

WASHINGTON, Jan. 11.—In the United States Supreme court to-day, Justice Harlan handed down the opinion of the court in the case of A. P. S. Stewart vs. K. K. Hayden, receiver of the Capital National bank of Lincoln City, Neb., holding that Stewart could not free himself from the liability of a shareholder in a failed national bank by dispensing of his holdings prior to the failure, but with evident knowledge of the failing condition of the concern.

Gold Near the Surface.

TACOMA, Wash., Jan. 11.—Large ledges of copper and gold ores have lately been uncovered on Gravina, Annette and Revillagigedo islands on the southeastern Alaska coast. Prospectors declare these, together with Mary and Prince of Wales islands, to contain mountains of rich ores that will make their ultimate possessors immensely wealthy.

Three Kansas Land Office Favors.

WASHINGTON, Jan. 11.—The President has nominated Cyrus Anderson to be receiver of public moneys and Kleber E. Wilcockson, register of the land office at Colby, Kan., and Thomas A. Scatter, register of the land office at Dodge City, Kan.

A Shoe Inventor Dead.

LYNN, Mass., Jan. 11.—Tripp, whose inventions revolutionized shoe manufacturing, is dead in this city, aged 72 years.

Three Thieves Break Jail at Fulton.

FULTON, Mo., Jan. 11.—John Justice, white, and two colored thieves, broke a lock, tore a hole through the roof and escaped from the county jail here before dawn yesterday morning. A colored boy, whom they invited to join them, refused.

Kansas City, Mo., Jan. 11.—The

court of appeals held, in an opinion handed down to-day, that a wife has a claim on the life insurance of her husband prior to his claim of his mother, although the insurance policy is made out in the mother's favor.

ARE LINING UP FOR 1900.

SILVER PLANS FOR THE NEXT CAMPAIGN.

CONFERENCES AT CHICAGO

William J. Bryan Announces Early His Desire for Election—Says If He Is Elected President He Will Give Populists and Silver Republicans a Portion of the Spoils.

Chicago, Jan. 11.—Western Democracy

has started the machinery for the campaign of 1900. At a conference of the silver leaders at the Tremont house they took up the question of newspapers and tried to find some means not only of establishing a great metropolitan daily with many writers on its staff, but to keep the country editors in line for free and unlimited coinage at a ratio of 16 to 1. Among those at the gathering were William Jennings Bryan, already in training for the presidential nomination; Senator Stewart of Nevada; Editor Morse of Indianapolis; D. J. Campau, of Michigan; Mayor Harrison, Thomas Gahan, Robert E. Burke, Joseph E. Martin, L. R. McGinnis, Joseph Kipley, Dudley Winston, of Chicago; C. K. Ladd, of Kewanee; A. C. Bentley, secretary of the state central committee; Mr. Dunlap, of Jacksonville, and several other members of the state committee.

It was agreed that free silver would be the Democratic slogan in the next national campaign, and the dominating spirit that prevailed was that Mr. Bryan would have a clear field for the nomination for president.

William Jennings Bryan gave personal notice to the Democrats of Chicago that if he is nominated for the presidency in 1900, as he expects to be, he would depend for election on Populists and free silver Republicans, as well as Democrats, votes, and if he won, he intended to give the afore-said Populists and free silver Republicans a share of the spoils.

TIED UP BY THE SHERIFF.

All of the "Katy" Property at Paola, Kan., Seized to Satisfy a Judgment.

PAOLA, Kan., Jan. 11.—All of the property of the Missouri, Kansas & Texas Railway company here, including three engines, is held under attachment by Sheriff Hamlin of Miami county in default of the payment of a judgment for \$3,000 against the company for the killing of Joseph P. Rowe in 1892. Rowe's administrator obtained judgment in the district court here in 1893 and the case has twice been in the supreme court and the judgment each time affirmed.

Sheriff Hamlin chained up the company's engines and took possession of its property. L. J. Fitzgerald, a conductor, and George W. Neally and Charles M. Long, engineers, resisted the officers and are held on that charge. The passenger train on the Paola & Sedalia branch, due to leave here at 8 o'clock, did not go out this morning for lack of an engine and crew.

SHORT OF POWDER.

In a Naval Contest Uncle Sam Would Last but Thirty Minutes.

CHICAGO, Jan. 11.—A special from Washington says: Uncle Sam is short of powder for his high-power guns. After his warships shall have fired with the powder they have on board, which they would do in the course of a ten hours' battle, there would be left in the entire country barely enough to supply them for a thirty minutes' combat. And it would take the powder mills of the United States, with their present facilities, nearly a year to produce enough powder to supply the ships for another ten hours' battle.

Foraker Says He Is a Peacemaker.

WASHINGTON, Jan. 11.—"The Senatorial contest in Ohio is extremely bitter and greatly to be deplored," said Senator Foraker to-day. "I have kept out of it and have had nothing to do with it except only to try to make peace. All efforts in that direction have so far been unavailing, but we hope yet to solve the difficulty in some way that will be as nearly satisfactory to the party and all concerned as such settlements usually are. That is all I can say at present without fear of doing more harm than good."

Stuart Unable to Get Fits to Sign.

CHICAGO, Jan. 11.—Dan A. Stuart arrived here last night from St. Paul, where he went on a fruitless endeavor to induce Fitzsimmons to enter the ring again with Corbett. "I said all I could say," said Stuart, "and made every inducement I could make, but it was all of no use. Fitzsimmons and Julian stood pat on the issue that Corbett must first defeat Peter Maher. I shall now offer a purse for Corbett and Maher."

Now a Tin Can Trust.

CHICAGO, Jan. 11.—A meeting of the men interested in the manufacture of all kinds of tin cans was held here to-day, representatives being present from various parts of the South and West. It is understood that many manufacturers are in favor of forming a combination.

Ohio Flood Expected.

CINCINNATI, Ohio, Jan. 11.—A small flood is expected in the Ohio river from the mild weather and heavy rains from its source downward during the last few days.

CHALLENGES VANDERBILT.

Walter Gray Wants a Fight With the Society Cake Walker.

Walter Gray, of this city, who won the interstate cake walk at Wichita recently, was yesterday shown a dispatch containing a report of the Trainer Park cake walk in the east, at which William K. Vanderbilt is said to have carried off the honors. The Guthrie man at once issued a challenge to Mr. Vanderbilt to a contest at Guthrie any time this winter, for \$500 a side.

The incentive for the challenge was the following Associated Press dispatch from New York:

New York, Jan. 10.—W. K. Vanderbilt can not only lead the cotton in gallant fashion, as he recently demonstrated, but he has new honors—he is champion of a society cake walk. Trainer L. Park, the owner of the steam yacht "Sultana," gave a house party to a number of his friends. Mr. Vanderbilt was one of the party and was the leader of the fun which marked the occasion from start to finish. It was a jolly informal affair. Banquets were hired to furnish the music. There was an innovation during the dinner. It was dancing after each course. To the strains of "All Coons Look Alike to Me," the guests arose after the soup and glistened at the dining-room. So it went on until the coffee was reached.

The cake walk, which began about 11 o'clock, was the great event of the evening. Mr. Vanderbilt led in magnificent style, introducing many new steps and graceful slides that brought applause from the other guests. Some of those who walked carried candles and others had brooms and carpet sweepers. Near the end of the walk a young woman joined the line, and before her she pushed a big baby carriage, and in the carriage reclined a young man well known to the Four Hundred.

All admitted that Mr. Vanderbilt was the champion cake walker.

TO BE INVESTIGATED.

The Burning of the Two Senate Indians to Be Given Attention by Federal Officers.

WASHINGTON, Jan. 11.—The commissioner of Indian affairs has just received a telegram confirming the murder of two Indian youths, members of the Seminole tribe, by an infuriated mob from Oklahoma, who believed them to be the murderers of Mrs. James Simmons. The telegram says Judge Springer has issued an order for a thorough investigation by federal officers. Governor Brown, of the Seminole tribe, has laid the matter before the department of justice and a thorough investigation will be made. They will also call on the president regarding the matter.

MAY BE TROUBLE AHEAD.

The House Rule Plank Not Entirely Forgotten by the Senate Committee.

WASHINGTON, Jan. 11.—The senate committee on Indian affairs has decided to report the nomination of Edward Goldberg, of Wichita, Kan., to be Indian agent at Quapaw agency, I. T., to the senate adversely on the ground of non-residence of the territory. A fight is also being made against F. E. McKinley. Some half dozen other nominations are being held up for similar reasons. The house rule plank of the Republican platform says it must be rigidly enforced.

FOR WORLD'S BIMETALISM.

The President Proposes to Renew Negotiations as Soon as Possible.

WASHINGTON, Jan. 11.—Senator Chandler had a conference with President McKinley to-day on the subject of bimetalism and said after the close of the interview: "The President stands firmly in favor of international bimetalism as promised by the St. Louis platform. He considers that the negotiations with the European powers are only temporarily suspended on account of the peculiar condition of affairs in India, and the President's intention is to again send his envoys to Europe as soon as the conditions are favorable for continuing negotiations."

MR. VEST'S GRATITUDE.

Pension Bill Introduced for the Widow of General Stevenson.

WASHINGTON, Jan. 11.—Senator Vest has introduced a bill for a pension of \$50 a month for the widow of General Stevenson of St. Louis. While Vest was a member of the Confederate congress General Stevenson took Bonville, Mo., where the Vest family lived, and that day Mrs. Vest became a mother. General Stevenson, who knew Vest before the war, ordered a guard placed about the house, that nobody might disturb Mrs. Vest. Later he had the mother and child conveyed to her former home in Kentucky. Until Stevenson died he and Vest were close friends, and the senator has never forgotten the general's kindness.

STRIKE INEVITABLE.

Cotton Mill Operatives Will Resist Wage Reduction.

New Bedford, Mass., Jan. 11.—Apparently a strike in the cloth mills next Monday morning can only be averted by withdrawal of the notice of a 10 per cent reduction posted in the mills on Friday, December 31. The spinners last night took action on the question of striking. The result was in favor of resistance to the reduction. The vote was 28 to 4. Similar action was taken at Providence and Pawtucket, R. I.; Lewiston, Me., and Fall River, Mass.

DESPITE THE FUSS AND FEATHERS IN OHIO.

GARRARD NOT PRESENTED

Hanna Gets 58 Votes in the House and 17 in the Senate—Senator Burke Was the Only Republican Senator Voting Against Him—Stories of Bribery Caused All Night Conference.

Special to Daily Leader.

COLUMBUS, O., Jan. 11.—Hanna is elected, the vote standing 58 to 53 in the house and 19 to 17 in the senate. The joint ballot tomorrow is considered certain to show the same vote. Hanna was the only Republican senator who voted against Hanna.

The house vote was Hanna 58; McKelton 49; Wiley 3; Warner 1. Representative O'Connor, a Hanna man, was sick and was absent from the voting. On adjournment of the house the crowd went wild. Singing of "Praise God From Whom All Blessings Flow" was a feature of the enthusiastic demonstrations. No gas stations were sprung in the way of trouble. Hanna, as had been threatened by the combine for several days previous. The nearest approach to anything sensational was the bitterness of anti-Hanna invective in the speeches made by the combine men in presenting their candidate's name. Mutterings were heard within the combine that Kurtz sold out on finding that he stood no show with the Democratic caucus. The proceedings were quiet and orderly throughout, interrupted only by applause, as one after another of the doubtful ones, Griffiths, Manuel, Droste, Joyce, Kemper and Sane, fell in line for Hanna. The Republicans voting against Hanna were Representatives Mason, Bramley, Jones, Smith, Rutan and Otis, and Senator Burke. Garriard's name was not presented.

MURDERED IN BED.

A Massachusetts Farmer and His Wife and Adopted Daughter Found Killed.

WORCESTER, Mass., Jan. 11.—Francis D. Newton, a prosperous farmer of Brookfield, his wife, Sarah, and their 16-year-old adopted daughter, Ethel, were found murdered in their beds by neighbors, whose curiosity was aroused by the howling of unfed cattle. A hired man, who had been employed by Newton, is missing and the authorities are making a search for him.

Turkey Refuses to Pay.

WASHINGTON, Jan. 11.—United States Minister Angell, at Constantinople, has reported to the state department that he has not as yet succeeded in securing an assent from the Turkish government to his demand for the payment of an indemnity for the American mission property destroyed during the Armenian outbreak. The situation is not promising for a speedy settlement of the claims.

Wine and Women Cause His Fall.

St. Louis, Mo., Jan. 11.—Fred Jentzen, charged with the embezzlement of \$5,750 from the Moon Bros. Carriage company while in their employ as confidential bookkeeper and cashier two years ago, has been arrested. The prisoner admits his guilt and says he is glad that he has been captured, as life has been a burden to him during the last two years. Wine and women, he says, were the cause of his downfall.

Natural Gas Near Merwin.

Merwin, Mo., Jan. 11.—While drilling a well on Joel Grider's farm, three miles east of Merwin, a strong flow of gas was struck at a depth of 120 feet. Night has been transformed into day the past four nights surrounding Merwin. Grider's place, and the road can be heard for several hundred yards. A pipe line company is being organized and the gas will be conveyed to Merwin to be utilized for lighting the streets, colleges and business houses.

Death of a Kansas Pioneer.

MOORE, Kan., Jan. 11.—Mrs. Susan E. Norton, one of the oldest settlers of this county and of the state, died here Sunday morning at the home of her son-in-law, Captain G. E. Moore.
